If you are interested in additional information about test results in general and their interpretations, please visit:  
www.labtestsonline.org

Questions regarding the lab health fairs can be directed to our Community Outreach Coordinator at 785-472-5028 ext. 307 or our Laboratory Services Director at 785-472-5028 ext. 322.
**About our Laboratory Health Fairs:**

Ellsworth County Medical Center sponsors laboratory health fairs in several area communities throughout the year. Professional, accurate lab results are obtained at the lab health fairs. Affordable pricing along with the convenience of multiple area lab health fairs has made the fairs very popular with local constituents.

**Please note the following:**

- **Tests are available without a physician’s order.**
- **No insurance will be filed.**
- **Cash or checks are accepted.** (Major credit cards or debit cards are accepted at ECMC prior to the lab fair.)
- **Results will be mailed to participants with an explanation of the test results.** (Should a critical result be discovered, your doctor will be notified.)
- **Fasting is required for the Health Fair Profile.**
- **Pre-registration is available online at:** www.ewmed.com until Friday noon before the lab health fair.
